

Summer Programs for HS & College Students 2010

These powerful links will direct you to hundreds of summer positions & internships across the USA. The Ventures Program link will direct you to colleges & universities across the country & their programs in "leadership," pre-college, liberal arts, writing, math, & many other areas.

Many of the other links will direct you to science, math, or engineering related possibilities. These are helpful, powerful gateways.

1. Ventures Scholars Program Black Excel Founder has met with Jessica Arkin National Director Ventures Scholars Program & highly recommends this program & its resources:
<http://www.venturescholar.org/hs/enrichment.html>

2. Summer Opportunities for Minority Undergraduate Students Black Excel has pointed minorities (& others) for years to this powerful resource. 120+ comprehensive pages filled with many excellent resources. <http://www.doorsofopportunity.org/>

3. Over 250+ Summer Enrichment Summer Programs This is a FREE summer & school year enrichment search listing recently created by a dedicated school counselor. It's a very useful site with great help gateways. <http://www.enrichmentalley.com>

4. Math Gateways for HS Students Summer Math Programs & Camps for HS Students <http://www.ams.org/employment/mathcamps.html>

5. Summer Medical/Dental Programs+ Site offers possibilities at elite schools. FREE tuition, housing & meals for 6-week summer medical/dental school prep program offering eligible students intensive/personalized medical/dental school preparation
<http://www.smdep.org/>

6. Summer Programs/Camps These Pre-college summer camps are offered nationwide, often through Universities to provide HS students with experiences in science, mathematics, technology, engineering, or medicine
<http://www.careercornerstone.org/pcsumcamps.htm>

7. Making Engineers "Cool" Website Offers a gateway to nationwide resources & programs and many opportunities for summer & learning.
http://www.engineeringk12.org/educators/making_engineers_cool/search.cfm

8. Another Sciences Gateway for Summer –GREAT A substantial number of programs specifically target minorities, women, & other groups traditionally underrepresented in the sciences.
<http://www.engineeringedu.com/summercamps.html>

9. Summer Programs Gateway
<http://www.studenteducationprograms.com>

10: Peterson's Summer Programs
<http://www.petersons.com/summerop/code/ssector.asp>

200 Free Minority Scholarships List <http://www.blackexcel.org/200-Scholarships.html>

* Summer Programs list courtesy of BlackExcel.com

Helpful book: The Ultimate Guide to Summer Opportunities for Teens: 200 Programs That Prepare You for College Success, by Sandra L. Berger.
This directory lists 200 exemplary domestic & international programs in areas of academic enrichment, fine arts, leadership & service, math, science, computer science & technology.

ADDITIONAL SUMMER PROGRAMS

Program	Location	Features/Criteria	Contact info
Pre-College Program	Emory University	Open to rising HS juniors & seniors; must be 16 by program start date	www.college.emory.edu/program/precollege/audience/prospective.html
The Constitutional Academy	Washington, DC	HS juniors or seniors interested in social science	www.constacademy.org
Vivien Thomas HS Research Program	Morehouse School of Medicine	Rising 9 th or 10 th grader; 3.5 GPA; interest in biomedical research	Wanda Harvey (404) 752-1843
MITE: Minority Intro to Tech & Engineering	GA Tech	Rising senior minority students considering engineering as a major in college & as a career	Cynthia Warner (404) 894-2298
MITES: Minority Intro to Engineering & Sci Program	MIT; Massachusetts	Rising seniors interested in engineering & science	http://web.mit.edu/mites/MITES_Home.html
PREP: Pre-College Engineering Program	GA Tech	Rising junior & senior HS students considering engineering as a career	Cynthia Warner (404) 894-2298
Allied Health HS Summer Program	Georgia State University	Emphasizes science enrichment, SAT Prep, & stimulates interest in health careers	Stephanie Summers (404) 651-0410
Biomedical Summer Science Program	Spelman College	Open to 12 th graders; 3.0 GPA with a demonstrated interest in science & math. Stipends awarded & room & board provided.	Bernice Green Cooper (404) 215-7920
Georgia Journalism Academy	University of Georgia	Open to HS students interested in newspaper/magazine journalism, TV broadcasting, graphic design, advertising/public relations, & online media.	Margaret Weston (706) 542-5022
HSRP: HS Residency Program	University of Georgia	Open to HS students interested in accounting.	Mark Dawkins, UGA 706.542.3632 Julie Anderson, GSCPA 404.231.8676x817
Minority Biomedical Research Support Program	Clark Atlanta University	Open to students interested in biomedical research careers.	http://www.mbrs.cau.edu/

Johns Hopkins University
Grades 7-12: Center for Talented Youth (CTY) Summer Program
Requirements: Must have taken the SAT or ACT prior to registration.
