Is Your High School Experience Ready for More?

If you are looking for more challenge, class flexibility or just want to get a head start on your post-high school career, Dual Enrollment options might be a good fit. Dual enrollment is a process through which high school students who have applied and been accepted by a Georgia public/private university or technical college may take classes and earn high school and college credit at the same time.

Options may include **Accel (Hope Scholarship), HOPE Grant, Early College, Move On When Ready, Gateway to College** and **Residential**. In some cases, students can earn both a high school diploma and college credit at the same time, and tuition for the classes may be provided through the Hope Scholarship/Grant or local school system funds.
